

TogetherWeServed Account Deletion

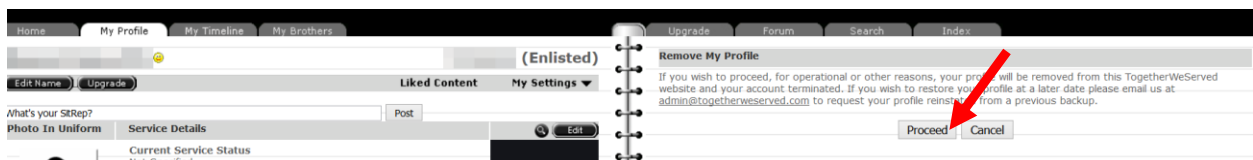

To delete your togetherweserved account, log into or create your account and click “My Profile”.

Note: It is important to sanitize any information linking you to SOF, home of record, rank, colleagues, missions, accomplishments, language, etc. We recommend that you let the account sit for six months to allow the Google cache to copy a blank profile.

Then select the arrow next to “My Settings”. A drop-down menu will appear. Select “Remove My Profile”.

If you would like to delete your profile, click “Proceed”.
